Eastern Area Community Planning Group (EACPG) is a community planning group that advocates for the 6 neighborhoods that make up the southeasternmost boundary of the city of San Diego: **El Cerrito, Rolando Village, Redwood Village, Rolando Park, Oak Park and Webster.**

We help guide community members, neighborhood associations, businesses, developers (and more!) in the shaping of our neighborhoods. We advocate for our neighborhoods to the City of San Diego Community Planning Office with the goal of growing smart and in solidarity with Eastern Area interests.

We are looking for community members that live in these 6 neighborhoods to join us at the July meeting and if interested, apply to be a candidate in the upcoming September election.

We need candidates to represent the following neighborhoods/interests:

- El Cerrito
- Redwood Village
